

PURDUE

BOILERMAKERS

Kevin Long
MVP Sports Training

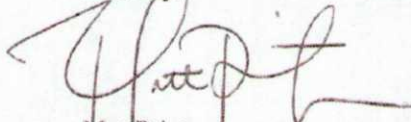

Kevin and John,

I just wanted to drop you a line and thank you for spending some time with our team here at Purdue.

As you know, we have a young team and, they will definitely benefit from some of the tips and training you provided. I think the effectiveness of your training was magnified by having someone from outside our program come in to talk. The tips you gave were not only good things for players to hear, but coaches as well.

Again, thanks for taking time to make the trip to West Lafayette. I would certainly recommend your training session to other basketball programs around the country.

Sincerely,

Matt Painter
Head Basketball Coach
Purdue University
